

## TABLE OF CONTENTS

<b>01</b>	<b>Nguyen Trang Minh, Tran Ngoc Thanh, Nguyen Manh Thang</b> Research and development of strategic technologies for military and defense missions: A review.	<b>03 – 09</b>
-----------	---	----------------

### *Electronics & Automation*

<b>02</b>	<b>Hoang Manh Tuong</b> Enhancing the kinematic quality of a single-axis stabilizing platform on a high-speed spinning-body aircraft.	<b>10 – 17</b>
<b>03</b>	<b>Cao Duc Sang, Le Tran Thang, Nguyen Trong Khuyen</b> A robust adaptive controller for underactuated ASVs in loose path-following with an added error and a new control handpoint.	<b>18 – 27</b>
<b>04</b>	<b>Pham Van May, Tran Duc Thuan, Vu Manh Tuan, Tran Quoc Huy</b> A study on control command synthesis algorithm for single-channel flying equipment with linear steering vane.	<b>28 – 39</b>
<b>05</b>	<b>Truong Tat Thuan, Tran Ngoc Binh</b> Dual-Stage Quaternion Estimator: An advanced method for orientation and angular kinematics estimation based on IMU sensor fusion.	<b>40 – 47</b>
<b>06</b>	<b>Pham Van Nam, Nguyen Vu Thang, Trinh Trong Chuong, Tran Thi Hang</b> Multi-domain feature-based early detection of bearing faults using MLP classifier on NASA IMS dataset.	<b>48 – 54</b>
<b>07</b>	<b>Nguyen Thanh Trung</b> Reconstructing degraded SPECT myocardial images via deep biophysical models: A modern computational approach.	<b>55 – 62</b>

### *Chemistry, Biology & Environment*

<b>08</b>	<b>Vu Ngoc Toan, Nguyen Thi Thu Huong, Nguyen Minh Tri, Le Hong Minh, To Phuong Linh, Dang Thi Ngoc Chau</b> Analyzing some main components of MDF-500 disinfectant produced in the United States.	<b>63 – 71</b>
<b>09</b>	<b>Nguyen Thi Phuong, Nguyen Thi Thu Huong, Vu Thi Van Phuong, Pham Thi Hong Nhung, Truong Thi Lien, Nguyen Ngoc Hoa, Le Thi Phuong Thao, Nguyen Que Chau</b> Development of a natural functional supplement from <i>pleurotus ostreatus</i> and <i>cordyceps militaris</i> to mitigate side effects of chemotherapy and radiotherapy.	<b>72 – 79</b>
<b>10</b>	<b>Ngo Minh Tien, Nguyen Thi Phuong</b> Investigation of polyphenol derivative extraction from <i>Terminalia catappa</i> leaves and assessment of their corrosion inhibition performance on CB300 steel in saline solution.	<b>80 – 86</b>
<b>11</b>	<b>Dao The Nam, Doan Tuan Anh, Dinh Van Long, Doan Minh Cuong, Nguyen Thi Huong, Nguyen Ngoc Son, Vu Thi Thao, Le Gia Khiem, Vu Minh Thanh</b> Study on the effects of temperature, deposition cycle number, and cobalt additives on the properties of the positive active material in nickel-cadmium batteries.	<b>87 – 93</b>
<b>12</b>	<b>Dinh Trong Nghia, Vu Thi Mai, Phi Hoang Thuy Quynh, Doan Cong Danh</b> Study on the removal capability of trinitrotoluene in water using the UV/WO <sub>3</sub> /H <sub>2</sub> O <sub>2</sub> photo oxidation method.	<b>94 – 101</b>

*Physics & Materials Science*

- 13 Mai Huu Thuan, Trinh Duc Giang** 102 – 112  
Study on the determination of pharmaceutical products containing amoxicillin and clavulanic acid by HPLC/DAD method.
- 14 Tran Tien Bao, Pham Dinh Quy, Tran Xuan Tien** 113 – 120  
Designing a high-performance eyepiece for a 0.97-inch OLED microdisplay.
- 15 Nguyen Thanh Lam, Nguyen Dinh Phuong** 121 – 128  
A method for designing pixelated camouflage patterns for forest terrain backgrounds.

*Information Technology & Applied Mathematics*

- 16 Ngo Huu Phuc, Vi Bao Ngoc, Phan Hai Hong, Nguyen Chi Cong** 129 – 136  
Mutual information optimization for mitigating catastrophic forgetting in continual learning: An information-theoretic approach.
- 17 Nguyen Dao Truong, Doan Thi Bich Ngoc** 137 – 144  
A secure search method for cloud data storage.

*Mechanics & Mechanical Engineering*

- 18 Do Trong Dai, Le Thanh Dat, Dinh Van Duy, Nguyen Lan Phuong, Pham Quoc Tuan** 145 – 153  
Identification of process parameters in CDA-110 copper T-shaped tube hydroforming.
- 19 Bui Xuan Son, Kongsathit Phanthavong, Pham Duc Hung, Dao Van Toan, Dinh Hoang Hung, Vu Duc Hien, Ngo Tien Sy** 154 – 162  
Establishing the sensitivity diagram of the inertia impact mechanism in the V-25 fuze.
- 20 Nguyen Dinh Duy, Phan The Son, Do Tien Can, Tran Ngoc Thanh** 163 – 170  
Regarding the calculation method for a spring-driven gyroscope in rotating aircraft.
